Keys

When you hire the Town Hall you will most likely be asked to pick up the key from our secure lockbox. The lockbox is located to the left of the tourist information centre at 61 Main Road (next door to the Town Hall), beside a little white gate.

- 1 - Slide down the black cover
- 2 - Rotate the dials to the correct combination number - The HCA Administrator will advise you of the code by email
- 3 - Pull down the small black lever to the left of the numbers and the flap will open
- 4 - Remove the key
- 5 - Close the flap and rotate the dials so that the correct code number is not showing
- 6 - Slide the cover closed again

The key opens all the doors to the Town Hall except the rear kitchen door.

After your hire, be sure to return the key to the lockbox. There may be another hirer relying on it being there later in the day! Make sure you repeat steps 5 & 6 above after returning the key to keep the lockbox secure and watertight.

Power

On arriving at the Hall you will discover that the electricity is switched off at the mains and you'll need to turn this on. You'll find the mains switch in the wings of the stage (just up the stairs to the right of the stage).

If you are using the kitchen or the stage lights you may be asked to take a meter reading at the beginning and end of your hire period. These readings should be emailed to the HCA Administrator. In these cases you will be charged the actual cost of power used.

Please remember to turn off the power at the mains when you leave the venue.

Mains switch

Heat Pumps - Air Con

For your comfort, there are several heat pump/air con units in the Main Hall, and one in the Supper Room. A single hand-held remote controls all the units in the Main Hall. Point the remote directly at the unit you want to control. You'll find this remote backstage in the area with the mains switch.

The remote for the unit in the Supper Room is near the unit, on top of the fireplace.

WiFi

WiFi is available at the Town Hall. It's called 'Hall wifi'. The HCA Administrator can advise you of the password before your event.

Health & Safety

You, or somebody else in your group should accept responsibility as the building 'warden' for the duration of your hire. On arrival at the venue, note the location of the emergency exits. Please ensure these are not blocked at any time. In the event of an emergency the muster point is on the grass area beside the war memorial. Ensure that everybody is accounted for.

There is a first aid kit in the kitchen.

Leaving

When preparing to leave the building please check the venue is in the same state as when you arrived. There is cleaning equipment in the kitchen - vacuum cleaner, broom, mop, bucket, etc to help with this.

All rubbish must be removed from the venue.

Switch off the power at the mains and, if you have been asked to do so, take a meter reading.

Check windows are closed and ensure all doors are locked.

Return the key to the lockbox, remembering to jumble up the numbers on the combination and slide the cover back up.

Further information

If you have questions concerning your hire email the HCA Administrator
hcaadmin@havelock.co.nz

We hope your event goes well!
